## Carr Melton finest overcoats \$30 and \$35

Overcoat without rival is the overcoat made of Isaac  
Carr melton.

Years of well-earned reputation are back of it—for  
the melton woven by Isaac Carr in England has been  
standard for many many years.

No maker wastes time by making an overcoat of Carr  
melton in any but his best way. Carr melton is so fine  
and costs the tailor so much that he can afford to put his  
best work into it—and can't afford to do anything else.

Carr melton overcoats now ready from Hart Schaffner  
& Marx: as fine a combination of fine tailoring and fine  
cloth as any man will ask.

Chesterfield model, acceptable for wear everywhere  
and every time, blue black oxford and brown (and what  
rare depth of color they show), cut in the sensible and  
graceful just-below-the-knee length.

with satin lining,—\$35

with serge lining,—\$30

the job."

What style and slickness they do have!

Lighter-weight sweaters, some with no collar,—\$2 to  
\$5.

Boys' pure worsted ribbed sweaters with roll collars,

### How finely the new cut glass sparkles

Clear as crystal, this new glass from peerless Ameri-  
can cutters shines back the rays of the sun from a hun-  
dred-and-one faces and angles. It is rich and beautiful.

Some of it has small frosted patterns; so natural are  
they that the Frost King himself might have traced them.

Some is in unique new shapes with odd flares and  
curves—and it abounds with graceful lines.

Judge cut glass always by the clearness of the glass,  
the smooth fineness of the cutting, the excellence of the  
design. These qualities give real value—and they are  
abundant in all this big varied collection.

### Victrola XI in your home—\$10

Victrola XI is one of the most-liked Victrolas.

'Tis a handsome cabinet instrument of excellent pro-  
portions and good size; finished in mahogany or other  
woods; equipped with double-spring motor which plays a  
number of records after one winding. There is a speed  
regulator and an automatic stop which operates as soon  
as a record is completed.

And—most important of all—it plays every Victor  
record with true beauty and correct expression; brings  
hours of enjoyment to the home.

Victrola XI sells for \$100 cash on the nail.

This store makes that same price, gives folks privi-  
lege to choose records to the value of \$10 more,—and then  
gives the privilege of paying the whole amount of \$110 at  
the rate of \$10 a month.

Victrola XI and records are delivered as soon as first  
payment is made.

All indoor season is ahead for enjoyment—and we'll  
gladly prove how great that enjoyment is.
